TWO MOTORCYCLE RIDERS INJURED

Collision between Automobile and Motorcycle Results in Broken Hip for Motor Rider. Ward Alleman, of Littlestown Hurt.

The large Norwalk automobile owned and driven by Samuel White, of this place, ran into a motorcycle about ten miles below Winchester on Sunday severely injuring its rider, Allison Kline.

The accident occurred at a cross roads. Mr. White had sounded his horn as he approached but the motorcyclist suddenly dashed in front of him and the collision was inevitable, though Mr. White turned to avoid it and in doing so, ran his car into a fence.

Kline, a young man twenty five years of age, was hurled about twenty feet and Mr. White and Charles S. Duncan, who was with him, at once prepared to take the injured man to Winchester. Luckily two Winchester physicians happened along in an automobile and gave him preliminary attention. It was found that he had a broken hip and numerous bruises. He was later sent to his home by Mr. White who secured the services of the young man's own physician, and he is now getting along nicely.

The motorcycle was badly damaged and Mr. White's machine also received some damage. No blame whatever is attached to anyone for the accident. The White car was going only about 20 miles an hour at the time of the accident.

Ward Alleman Hurt

Ward Alleman, son of D. B. Alleman, proprietor of the Littlestown Independent, was injured when the brake on his motorcycle refused to work while he was descending the hill and rounding the curve on the state road at the "Old Forge Farm", near Spring Grove.

His machine, which was traveling at the rate of 30 miles an hour, crashed into the guard rails along the state road, throwing him to the road. He was stunned and sustained a number of bruises and abrasions about the face and body.

He was assisted to the office of Dr. G. W. Bahn, Spring Grove, where he received treatment. A deep laceration across his left ankle required several stitches to close. It could not be ascertained whether he was injured internally.

He was taken to his home at Littlestown by a party of Baltimore autoists, who had been visiting in Spring Grove. His motorcycle, which was demolished, was shipped to his home Monday. The young man holds a position in the Capitol at Harrisburg.

PLANT HUNDREDS OF APPLE TREES

Orrtanna Fruit Belt Sees Orchardists Busy. Many Plant Trees. Town of Orrtanna Gets Fine New Homes. New Resident.

The canning factory at Orrtanna has closed its first season's run, doing a very successful business. The plant purchased 1,376,993 pounds of apples, or 27,540 bushels, thus giving the fruit growers a good and nearby market for their falls and culls. The railroad shipped out nearly 15,000 barrels of apples from that station.

Several fine residences are nearing completion. C. B. La Rue has his two story brick residence nearly ready for occupancy. A. H. Keady is completing a handsome ten room residence. It is of pressed brick with large, commodious porches and modern improvements. Mr. Bucher is completing his large new house, made of brick, an attractive home and a credit to Orrtanna. John Stultz, whose house was burned last spring, has completed a comfortable frame dwelling on the site of the former home.

The railroad switch has been completed to the canning factory, which facilitates prompt shipment of canned apples in carload lots.

The recent cold weather has checked up the fall planting of fruit trees. Quite a number of trees have been planted and many more will be planted in the spring. William R. Cation, who purchased the Peter Moritz farm, reports the 800 trees he planted last spring as showing a good growth. He has just finished planting 500 apple trees, and expects to plant a larger amount in the spring. Edward Strasburg has just planted nearly 1000 apple trees.

John W. Crowe has recently purchased the Smith farm of 90 acres, joining his already profitable apple orchard. He expects to plant extensively in the spring. George C. Strong has planted 450 trees and expects to plant largely in the spring. Peter Moritz has added several hundred young trees to his orchard and has ordered more trees for spring planting.

It is rumored that the Sheely Bros. the Adams County pioneers in apple growing, are to plant a large orchard on their farm at the foothills above Orrtanna. John Cease will add several hundred trees to his handsome young orchard.

Mr. Perviance, of Peoria, Ill., has purchased the Baker farm and will move here in the spring, and remodel the farm, plant fruit trees, build a summer home, and spend his summer vacations there. Mr. Perviance is an actor of considerable reputation, and is leading man this season with "The Girl of My Dreams."

G. O. P. AGAINST CONVENTION

National Committee Will Reorganize Delegate System.

FOR STATE REFERENDUM

A Change in Representation Has Been Agreed Upon and Will Be Submitted to Republican Voters.

Washington, Dec. 17.—There will be no special Republican convention in 1914.

There will be at the 1916 Republican convention a reorganized system of delegate representation, the idea being to base the apportionment among the states on the Republican vote.

This will effect a material reduction in the number of southern delegates. The committee will determine the new basis for representation and refer it to the Republican voters in all states for ratification.

These were the two big questions decided at the meeting of the Republican national committee in this city in determining their individual opinion alone prevailed. There was no distinct line of cleavage, and a glance at the vote shows the oddest sort of agreements between men whom the public thought to be wholly at variance in their opinions.

The states which voted for the convention were Indiana, Kansas, Louisiana, Massachusetts, Michigan, Missouri, New Mexico, New York, North and South Dakota, Oklahoma, Pennsylvania, Washington and West Virginia.

Two proposals for reorganization of the party and to find a basis upon which discordant elements can unite confronted the national committee.

Foremost was a proposal for the special national convention to readjust the system of delegate representation. The other was that no convention be called, but that the national committee fix a plan for reapportionment for ratification by state conventions.

Both resolutions provide recognition of the primary laws of the various states, and agree that certificates of election from proper state authorities should be sufficient ground for placing the name of a delegate on the temporary roll of the convention.

The second resolution also recognizes the methods adopted in California and other states where all delegates are elected at large, and only declares that the total number named in the roll must be chosen by any state which has such a law.

A resolution for a special convention was prepared by a committee, which also framed another resolution in accordance with a compromise suggestion by Charles B. Warren, of Michigan, chairman of the law committee, proposing that after the national committee fixes a basis of delegate reapportionment, the plan be ratified by two-thirds of the states which cast Republican pluralities for president in 1908.

Informal discussion among committee members developed a somewhat general opinion in favor of the proposal for the committee to change the basis of representation and refer it to state conventions which meet next year.

On the special committee drafting the resolution were Committeemen Warren, of Michigan; Borah, of Idaho; Hadley, of Missouri, who also holds a proxy from Louisiana; Smoot, of Utah, and Howell, of Nebraska.

London, Dec. 17.—Millions of pounds sterling changed hands in a record real estate deal, involving the transfer of nineteen acres of freehold property on the Duke of Bedford's estate here. The sum is said to be upwards of \$50,000,000.

The deal affected a block in the heart of London, with Covent Garden as its center, and including the Drury Lane, Strand and Lyceum theaters, as well as the old Covent Garden Market and Bow street police court.

The purchaser, who is said to have paid millions of pounds more than any other piece of property ever fetched, was Harry Mallaby-Deely, Unionist M. P. for Harrow, and director of the Norwich Union Life Insurance company.

EIGHT MEN BURNED

Salvation Army Home in Cincinnati Destroyed by Fire.

Cincinnati, Dec. 17.—Eight persons are dead and a score were injured when a fire, believed to be of incendiary origin, destroyed the Salvation Army Home for Men here.

Many of the inmates were overcome by smoke, while others suffered burns in making their way out of the fire-swept building. Several of the injured are in a serious condition.

A charge of incendiarism has been placed against a man who gave the name of Frank Meyers. He claimed to be a circus rider and said he last had lived in Arizona. The property loss is estimated at \$55,000.

The twelve horses used by the Salvation Army for the collection of rags and paper were stabled in the basement. All of them were burned to death. On the second floor was the chapel, dining room and library. The sleeping quarters were on the upper floors.

The fire spread with great rapidity, and before the firemen had responded to the general alarm the building was a mass of seething flames.

Three Dead in New York Fire.

New York, Dec. 17.—A city fireman, his mother and sister, were burned to death in a fire in a five-story apartment building at 266 Amsterdam avenue. Flames which started in the basement spread so rapidly that the fifty occupants of apartments found all exits cut off when aroused by the arrival of the firemen. Thrilling rescues were effected from third and fourth-story windows, but seven persons were injured by the flames or by jumping to the street.

MANY MINERS ARE ENTOMBED IN COLORADO

Rescuers Work to Save Men Trapped by Explosion.

New Castle, Colo., Dec. 17.—An explosion in the Vulcan mine of the Rocky Mountain Fuel company, near here, entombed L. L. Crawford, a mine foreman; L. Waters, fire boss, and thirty miners.

This estimate was based on a hurried check of the company's pay rolls. Some officials expressed the belief that the number in the work was about 40, increased to forty. About eight of the men are foreigners. The explosion occurred at 10:15 a. m. on Saturday.

The explosion occurred in a tunnel, with five companions, and was reported by witnesses as a "big bang." It was believed that the explosion occurred in the tunnel, but the cause of the explosion has not been determined. According to mine officials, six men are known to have been working in the tunnel.

Examination led to the belief that the end of the tunnel was free from the force of the explosion, and this led to expressions of hope that some of the men employed there would be found alive.

The force of the explosion was sufficient to throw the men, but rescuers reported that they had some several hundred feet from the portal before encountering any serious obstruction in the main tunnel.

ROOT WOULD NOT ACCEPT

Says He is Not a Candidate For the Presidency.

POLITICAL CAREER CLOSING

Senator Declares His Advanced Age Precludes Acceptance of the Nomination.

Washington, Dec. 17.—Senator Root declared in the senate that he "could not and would not accept the Republican presidential nomination if it was offered to him."

"My friends who have made these kindly suggestions forget," said he, "that before this administration comes to a close I will have reached the age of seventy-two years; that before the next administration had completed its service, I would have reached the age of seventy-six."

"It would be manifestly impossible that I should be president of the United States. I could not render service. I would not undertake it. I would not accept the nomination and could not accept the office."

"Suggestions of political advancement for me," said Senator Root, "are merely expressions of friendship and approbation from my friends. My political and public career is drawing to a close. No political ambition whatever finds a place in my mind. I look to the younger men about me, to whom ambition is a matter of right, to fill the advanced places in the future."

Senator Gallinger denied Senator Root's charges that his written statement mentioning Senator Root for president was proposed before the New York senate made his speech.

Senator Reed said that he had been misinformed as to the time Senator Gallinger's statement was issued and declared:

"I made my speech without deliberation, and so far as I did any injustice to the senator from New York or the senator from New Hampshire I express profound regret."

Senator Root's statement resulted from criticisms in the senate by Senators Williams and Reed that the "presidential bee" had led Mr. Root into extravagant statements in his speech on the currency bill.

One suggestion that Senator Root take the presidential nomination came on Saturday from Senator Gallinger, Republican senate leader, who gave out a formal statement declaring the party should nominate him. Another was made by Andrew Carnegie at the White House last week, while Mr. Taft also gave the proposition a "boost."

THIEF RETURNS PURSE

Pickpocket Sends Christmas Greetings With Wallet to Man He Robbed.

Georgetown, Del., Dec. 17.—The spirit of Christmas cheer struck some pickpocket so forcibly that Roland E. Quillen, of Brook Creek hundred, is just \$40 the richer by having his pocketbook returned by the conscience-stricken thief.

Quillen was visiting in Philadelphia, and while traveling about the city had his pockets picked and a wallet containing \$40 and some valuable papers, removed.

Quillen made no complaint, but he wrote home of his loss. The next day his brother, Raymond Quillen, went to the postoffice and was handed a letter addressed to "Roland Quillen." In the package was the lost wallet and contents, with a slip of paper on which was written: "A Merry Christmas." The package was post marked "Kingsessing Station, Philadelphia, Pa."

THREATS DRIVE HIM INSANE

Chicago Merchant, Victim of Black Hand, Tries to End His Life.

Pittsburgh, Pa., Dec. 17.—Temporarily insane by reason of Black Hand threats, George Pertl, said to be a merchant of Chicago, was found in a cell at police headquarters here with gashes in his throat and his wrists cut.

Bertl was arrested in the Union station while wandering through the waiting rooms muttering to himself. A policeman, believing him to be intoxicated, took him to the police station.

When called for a hearing Bertl was found almost dead from loss of blood. Papers in his pockets, the police say, disclosed that he had fled from Chicago a week ago to escape the Black Hand. He will recover.

Dynamiter Pleads Guilty.

Indianapolis, Ind., Dec. 17.—George E. Davis, confessed dynamiter pleaded guilty in the federal court to the charge of conspiring to illegally transport dynamite on interstate railroads.

Harry Jones, secretary-treasurer of the Ironworkers' union, implicated by Davis in a confession, and indicted for conspiracy, pleaded not guilty. No date was set for the trial.

Carabao Officers Deny Hostility.

Washington, Dec. 17.—Officers of the Order of Carabao sent assurances to administration officials that they entered into the spirit or purpose of hostility to President Wilson's Philippine policy when they gave their dinner last week and gave travesties and satires on members of the cabinet and other public officials.

FOR BIG PETITION

Gettysburg and County Ministers to Secure Many Signers.

At a meeting of the Gettysburg Ministerial Association held on Tuesday afternoon it was decided to secure the interest of all the pastors in the county in getting signers to a monster petition to be forwarded to Congressman Brodbeck asking for his support for the passage of the national prohibition amendment. The measure was presented last week in the senate by Morris Sheppard, senator from Texas and in the House by Richmond P. Hobson, congressman from Alabama.

Since last Sunday evening's service in St. James church about 130 names have been secured to a copy of the petition. Similar petitions are to be presented in all the churches of the town and Tuesday afternoon's action will provide for the submitting of the same petition in all the churches of the county. It is then the plan to forward all the documents at one time to Mr. Brodbeck.

It was decided at the meeting of the local ministers to do away with the custom of recent years in holding union services during the week of prayer and each church, that desires to, will hold its own series of services in its own church. It is supposed that practically all of the churches will observe this annual week, though there will be no special services in St. James Lutheran church owing to special evangelistic meetings which will be held there during the month of February.

SHEPHERD OF THE HILLS

Play from Harold Bell Wright's Book Coming to Gettysburg.

"The Shepherd of the Hills," Harold Bell Wright's novel, which holds the record for being the largest selling American work of fiction, has been made into a play by its author with the assistance of Elsbury W. Reynolds. It will be given its first production in this city at Walter's Theatre on Friday evening, December 19. The play is a story of the Ozark mountains and its people are all of that vicinity, which promises stage characters out of the ordinary. The production, which has been made by Messrs. Gaskill and MacVitty, is said to be one of extreme beauty, this picturesque mountain country lending itself to the best in the scenic artist's art.—advertisement.

Easy To Darken Your Gray Hair

You can Bring Back Color and Lustre with Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

SELLING SEALS

Enormous Proposition to Fight Tuberculosis is Carried on.

Many business houses in Gettysburg are selling the Red Cross seals. Few people have any idea of the magnitude of the Red Cross Christmas Seal Campaign. This year over 100,000,000 seals have been printed and distributed. If placed end-to-end these

seals would extend nearly 2,400 miles or practically from New York to Salt Lake City. They have been sent to over 25,000 different agents and will be sold and handled by an army of not less than 100,000 volunteers, including men, women and children.

Millions of advertising circulars have been scattered throughout the country, and so thoroughly has the advertising campaign been organized that it is doubtful if many people in the more populous States of the country will not have heard of the Red Cross Seal and its mission in the prevention of tuberculosis. It is hoped that at least 50,000,000 seals may be sold this year. The principle upon which the sale of seals is based is that every cent except what little is needed to cover the actual cost of printing and handling shall be spent for tuberculosis work in the community where the seals are sold.

NEITHER in Hell nor Heaven. Benj. H. Barton, of Philadelphia, will lecture Thursday, in the Court House, at 8 p. m. on the topic, "Escaping Hell Yet Missing Heaven". Mr. Barton has given what he calls "Bible Explanations" in all parts of the United States and various foreign countries, and those who have heard him before speak very highly of the clear style in which he answers deep questions which have confused many minds, giving Bible quotations for each point made. Great things are anticipated from his lecture this coming Thursday. The meeting is entirely unsectarian; all are invited; and no collection is to be taken.—advertisement.

How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

VILLA TO PROTECT ALL FOREIGNERS

U. S. Intervention Said to Have Met With Success.

ALL QUIET AT TAMPICO

Business Has Been Resumed and the Refugees on Board Warships Will Return to the City.

Washington, Dec. 17.—Through representations to General Francisco Villa by American Consul Letcher at Chihuahua, and through messages conveyed by the American consul at Hermosillo to General Venustiano Carranza, the United States has intervened successfully in behalf of the Spaniards who complained of mistreatment when Chihuahua was occupied by the Mexican rebels.

All advices to the state department say foreigners generally, with the exception of the Spaniards, have been respected, and this government, upon the request of the Spanish ambassador, has undertaken to see that Spanish subjects are included in the protection given to foreigners.

Inferences that by appealing to General Carranza, the United States had recognized the Constitutionalists were pronounced false by Secretary of State Bryan, who pointed out that the United States, from time to time, had dealt with the military authorities in control of various sections.

After the dispatch of Bryan's demand to Villa insisting upon fair treatment of all foreigners, word was received by the state department that General Carranza, leader of the revolutionists, had sent Felix Summerfield, a friend of the revolutionists, to Villa with instructions that the latter bow to the wishes of the United States.

Normal conditions have been restored at Tampico with the withdrawal of the rebels under Villalaz Castro and Aguilar, according to a dispatch received at the navy department from Admiral Fletcher, commanding the American squadron in Mexican waters.

The admiral states that quiet reigns in the city of Tampico and that business has been resumed. All the rebels go on board the American warships, are ready to return to their haunts on shore, but this is impossible until the admiral reports, until the present rough weather moderates.

As there is no sign of further disturbances or the renewal of the attack by the revolutionists, Admiral Fletcher seems to be of the opinion that it is proper for the refugees to go back to the city. The water supply, cut off by the revolutionists, has been restored.

VILLA CONFISCATES PROPERTY

Estate in Chihuahua of General Terrazas Seized by Rebels.

El Paso, Tex., Dec. 17.—Panch Villa, rebel commander in northern Mexico, issued a decree confiscating all the property of General Luis Terrazas, Enrique Cree, and Juan Cree, personal and real.

General Terrazas is now a refugee in El Paso. His son, Louis, Jr., is a prisoner of Villa in Chihuahua. The women members of the family are all in Chihuahua. General Terrazas is the richest land owner in Mexico, and his estates comprise half the state of Chihuahua.

BEGGAR SAVED \$200,000

Blind Man and Wife Arrested in Philadelphia.

Philadelphia, Dec. 17.—Prevailing upon the sympathy of Christmas shoppers for alms, "Al" Bernstein, a blind man, who is reputed to be the "richest beggar in the world," was arrested with his wife as they were grinding a hand organ at Twelfth and Market streets.

The man was recognized by a New York social worker, who told the police the mendicant had been driven out of New York six years ago by the charitable societies.

It is estimated that Bernstein is worth at least \$200,000 and is the owner of tenement houses and other real estate in New York city.

Bernstein and his wife, Yette, were held under \$300 bail each for a further hearing. A social worker is going to New York to ascertain how much property the beggar owns and how many times he has been helped by charitable institutions.

The blind man made a plea to have his wife discharged when they were arraigned.

Suffragettes Burn a Church.

Liverpool, Eng., Dec. 17.—The police blamed militant suffragettes for a fire in St. Anne's church. The incendiaries entered through a window. The church pews were destroyed, the pipe organ was damaged and the entire interior disfigured. The usual suffragette literature was found scattered about the place.

Governor Taylor Reprieves Murderer.

Trenton, N. J., Dec. 17.—Acting Governor Taylor reprieved John Dolan, an Essex county wife murderer, under sentence of death, until Feb. 7. Dolan was sentenced to die Dec. 28. The reprieve was granted in order to allow the condemned man to carry his case to the higher courts.

No Doubt About That.

"I wouldn't say she is pretty," said the Simple Mug, as the light-haired woman of doubtful age handed her money to the conductor, "but she is passing fare."

GENERAL VILLA.

Leader of Rebels in Northern Part of Mexico.

MOB HANGS TRIPLE MURDER CONVICT

Man Sentenced For Life is Lynched From Bridge.

Williston, N. D., Dec. 17.—Cleve Culbertson, recently convicted of murdering three members of the Dillon family at Ray, N. D., was taken from the Williston county jail by a mob and hanged from a bridge near here.

The lynching party, which consisted of a large number of masked men, battered down the doors of the jail with a heavy iron pipe.

Despite the warnings of Sheriff Erickson, the men rushed into the jail, tore the door from the cell occupied by the prisoner and dragged him out. He was taken to the Middle Muldy river, a mile and a half from town, and hanged from a wagon bridge.

The body was then riddled with bullets. Culbertson while being taken from the jail pleaded for mercy, but was not with the reply: "You did not show any mercy to the Dillons, and we'll show none to you."

Policeman Luciford and James Johnson, a laborer, attracted by the shouts of the mob, attempted to interfere and were badly beaten.

After the conviction of Culbertson, last week, which carried a prison sentence for life, dissatisfaction was expressed because the death penalty had not been imposed, and threats of lynching were freely made. Victims of the murder were Mr. and Mrs. Dillon and their daughter.

Two Colored Men Lynched.

Shreveport, La., Dec. 17.—Two colored men, Ernest and Frank Williams, were lynched by a mob at Blanchard, La. They had confessed to killing Calvin Dallard, whose body was found hacked to pieces in his store on Saturday morning.

BACHELOR WANTS WIFE

Rich Farmer Tours Two Counties in Search of Spouse.

Shamolin, Pa., Dec. 17.—Perry Koons, a forty-five-year-old bachelor living in Deep Creek Valley, is in search of a wife. He is reputed to be worth \$25,000 to \$50,000 and tills his own soil.

Enlisting the companionship of his cousin, Charles Koons, who lives near him, Koons spent the last two weeks touring Schuylkill and Northumberland counties to find a woman to meet his requirements. They called on several widows and girls, but Koons decided that none came up to the requirements. He wants a small woman, he says.

President Pardons Dr. Morton.

Washington, Dec. 17.—President Wilson has pardoned Dr. William J. Morton, the physician convicted with Julian Hawthorne for use of the mails to defraud, and who completed his term in the Atlanta penitentiary in October. It was stated at the department of justice that the pardon was issued, after Morton had completed his term, in order that he might again be eligible to practice medicine.

Serious Catarrh Yields To Hyomei

Do not let this serious disease extend along the delicate mucous membrane, gradually going from the nose to the throat, thence into the bronchial tubes and downward into the lungs.

There is no other treatment for catarrh that is like Hyomei or just as good. None can take its place, none give such quick, effective and sure relief and at so little cost—furthermore People's Drug Store will refund your money if you are not satisfied.

Begin using Hyomei now—to-day—and see how quickly the droppings into the throat, the discharge from the nose, sniffling and all other symptoms of catarrh are overcome; and remember—no stomach drugging—you breathe it. The complete outfit containing inhaler and bottle of liquid costs but \$1.00. Extra bottles of liquid, if later needed, 50 cents.

Lambasted.
A new trainer was engaged for the circus and was told to put a lion and a lamb through an act. He seemed nervous, and the next his boss asked him how he got along with the savage lion. "Sure, the lion didn't bother me much," he said, "but that damned lamb butted the daylight out of me!"

Hint for Young Musicians.
Begin your practice with enthusiasm. Don't put your practice off because you have "plenty of time." You cannot know your piece too well, but remember that one hour of steady, concentrated practice is better than four hours of careless strumming at the piece.
